

# Run for the Hills

## Breast Cancer Charity ride for Wanda D. Hill

Wanda Hill was diagnosed with breast cancer on June 11, 2011. Since being diagnosed she has had 14 rounds of chemotherapy and had a double mastectomy and reconstructive surgery that lasted over 13 hours. She had a few complications and had to have another surgery two weeks later and there are more surgeries to follow. After being out of work for over 6 months, being on disability and having to pay almost \$1000 a month for insurance the bills have racked up out of her control. This benefit run is to help cover the bills and give her the support she needs from family, friends and the fellow cancer supporters throughout our community. All the proceeds will go to Wanda to help her in whatever way she needs.
